TO CUT OUT

One Hundred Thousand Acres in the
Burley Tobacco District
• Scheme of Society

WINCHESTER, Ky., January 24th.—In accordance with a resolution adopted at the recent meeting of the Burley Tobacco Society a strenuous campaign is being instituted to secure pledges to cut out 100,000 acres of the crop in 1908. The District Committee will again meet in this city February 11th.

About 65,000 acres have been pledged. From 75 to 95% of the acreage has been pledged in the counties of Boone, Bourbon, Bracken, Carroll, Clark, Fleming, Gallatin, Grant, Kenton, Mason, Mercer, Owen and Scott.

A provisional sale of several hundred bogsheads at Equity prices was made to independent buyers here yesterday, but names are withheld until the details of sale are ratified by the Executive Committees.

CITIZENS' MEETING

In Maysville Next Monday Afternoon
to Consider Proposition to Stop
Purchasing By A. T. Co.

At the request of eleven members of the City Council Mayor W. E. Stallcup has issued a call for a special meeting of that body to assemble in the Council Chamber Monday afternoon at 2 o'clock.

Council has been called together in compliance with a numerously signed petition circulated by a Committee from the Board of Control of the Mason County Society of Equity. The petition recites that it is the wish of the signers that the legislative body of the city take action in some manner as will stop the bringing of tobacco here, as is now being done by growers of the weed in Mason and adjoining counties.

They want a suspension in the traffic of tobacco in this city for a stated period, not longer than seventy-five days, when it is hoped the storm-cloud will have passed, and business can again resume its normal way in the buying and selling of the staple article, the home of contention at the present moment.

How this is to be brought about, by a prohibitive ordinance, moral sanction or what not, will come out in the washing at the seance to be held Monday afternoon.

This is a matter in which everybody seems

to be interested one way or the other, and you are invited to lend your presence and thereby give dignity to the occasion.

Maysville—93.7.

Covington—83.9.

Chicago—83.5.

Cleveland—84.3.

Eighth Grade.

Maysville—89.6.

Covington—82.6.

Chicago—80.

Cleveland—84.1.

The words used in all the cities were the same, twenty in number, as follows: Operation, exercise, invincible, language, attempted, friend, experiment, physician, length, interrupt, anxiety, satisfied, shoulders, patient, median, probably, gradually, rival, determined, symptoms.

FOR PRESIDENT,
WILLIAM H. TAFT,
of Ohio.

FOR VICE-PRESIDENT,
CHARLES E. HUGHES,
of New York.

SENATOR FORAKER'S Presidential boom turned out to be a boomerang.

THE Kentucky Court of Appeals has decided that the act of 1906 does not exempt the property owned by a city from state and county taxes.

SAN FRANCISCO is making arrangements for a bond issue of \$35,000,000 for 14 public necessities. What an opportunity for REVE and SCHMITZ were they out of Jail.

OPTIMISM is the first born of hope, the mother of confidence, the executioner of adversity and the undertaker of pessimism.

PRESIDENT ROOSEVELT has wisely determined not to encourage an increase in the membership of the Cabinet. If the increase continued the Cabinet meetings would rival a Legislature in full action.

THE first county in the United States to go dry was Potter county, Pennsylvania, in 1852. After over half a century of so-called prohibition, that never did prohibit, the pioneer county in the dry column has got tired of speakeasies, blind tigers and bootleggers, and has fallen from the front seat of the water-wagon with the customary dull thud. Regular licensed saloons are now in vogue in Potter county.

WALL street ought to issue rain-checks with all watered stock.

THE public must not believe all it hears and reads in the yellow newspapers, concerning the great slump in railway traffic, and of the 320,000 idle freight cars reported tied up on account of the decrease in business. That there is somewhat of a falling off in general business and freight shipments there can be no doubt. But when it comes to the point of such colossal proportions as is now flashed from that fountain head of misleading information—Wall Street, then indeed, is it time to take such information with a pinch of salt. The truth is the business panic is here all right, all right, but there is nothing like the exaggerated condition of affairs now heralded from pole to pole with the Wall street menacing howl, inferring that the present financial trouble is the logical result of President ROOSEVELT'S anti-trust propaganda. It is a false charge and the public has not been slow to learn what many already expected, i. e., that we are enjoying to much prosperity—it was too much of a good thing. Result—Nature called a halt. We've got to get back in the safe and sane column or there'll be a genuine old time run of hard times that will make Wall street sit up and take notice and make a noise like thirty cents.

Barring the threatened menace from the "night riders," Maysville, with the sum of \$1,700,000 cash deposits in her five Banks, is not making much complaint about the money panic.

A WISE MAN.

"When I married you, you said I'd never want for anything."
"Did I say that?"
"You did."
"That shows how little I knew of women then."

Mr. S. A. Shanklin of Helena was a business visitor in the city yesterday.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. DON'T BLAME HER

For she cannot help it. Women are often cross, irritable, hysterical, and declare they are driven to distraction at the slightest provocation. Men cannot understand why this should be so. To them it is a mystery because in nine times out of ten this condition is caused by a serious feminine derangement. A remedy is necessary which acts directly upon the organs afflicted, restoring a healthy normal condition to the feminine system, which will quickly dispel all hysterical, nervous and irritable conditions. Such is

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

The following letter serves to prove this fact.

Mrs. Mattie Copenhaver, 315 So. 21st St., Parsons, Kans., writes:

"For two years I suffered from the worst forms of feminine ills, until I was almost driven frantic. Nothing but morphine would relieve me. Lydia E. Pinkham's Vegetable Compound brought me health and happiness and made me a well woman."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

The Department of Commerce and Labor has issued statistics on the production and value of tobacco in the U. S. in 1907. The total crop is put at 698,000,000 pounds, valued at \$76,000,000. Kentucky produced 240,000,000 pounds valued at \$24,500,000.

In order to prevent the growing of any tobacco in 1908 bills were introduced in the House and the Senate at Frankfort providing a tax of \$50 an acre on all tobacco grown during 1908. The proposed act is drastic, and if it becomes a law will prevent any crop in 1908, for no grower could handle a crop with any profit if he was forced to pay a tax of \$50 an acre.

A TIMELY WORD ON THE TOBACCO QUESTION.

"The American race," said our friend X the other day, "has a genius for the development of new principles of action—principles that at first glance seem, even to the innovators, to contradict the experience of all time. Its magnificent career has been a perpetual experiment in politics, commerce and practical science of every sort. From this point of view the 'Equity' experiment is beyond criticism."

"If the dwellers in a large tract of country are cultivators of a special product (as tobacco) of which they desire to control not only the production but the sale, there is no reason why they should not do so, provided the result can be accomplished peacefully, intelligently and by voluntary association. The ideal Equity ought to be simply a vast partnership with equal rights, under legal regulations, to every member of the firm. It is not to be an enforced partnership, or agreement, in any sense. But if a large body of cultivators formed into a voluntary association to market their own products without the intervention of the middleman, it would seem to a reasonable mind that they have a perfect right, under our free institutions, to dispose of their products in this way. But only a population of superior intelligence and large practical experience could successfully establish such a commercial innovation as this. In the hands of a shallow, hot-brained agitator such a project would inevitably fail. The experiment must be conducted throughout by a cool, sagacious, practical, broad-minded man. The Shakers are a shrewd combination of traders, and it is said that their commercial success is largely owing to the fact that they always send the devil to market—a tribute, not so much to the devil's character as to his superior ability."

Mr. Walter Sherwood, aged 29, of Mason county, and Miss Mary Tolliver, aged 21, of this city, were married yesterday at the Methodist Parsonage, Rev. G. W. Binton officiating.

YOUNG—MASON.

On last Wednesday evening, January 22d, just as the gray twilight faded into the winter night, occurred the marriage of Miss Louie Mason and Mr. W. F. Young. The home of the bride near Orangeburg was prettily decorated with blooming flowers and evergreens, and at the appointed hour the happy couple wended their way to the parlor, preceded by Miss Inez Young, the pretty little daughter of the groom, as flower girl. The bride was becomingly attired in a blue cloth traveling suit, and carried a lovely silk kerchief, a present from her father many years ago.

After the ceremony so fittingly performed by Rev. T. P. Dogman, the way was led to the dining-room, where a lovely bride's feast awaited them. The table decorations were carnations, the color scheme being red. Only relatives and near friends were present. They were the recipients of many useful and beautiful presents, which proved the high esteem in which they are held. May the balance of their lives be as happy as was the dawn of the wedding day.

What Drugs Are Pure?

Do you know? Does your neighbor know? Have you ever talked with anybody not a doctor or druggist who did know?

We Know!

When we tell you that every drug that we use in our prescription work or in putting up any medicines is pure we know that we speak the truth. No guessing at it. We test our drugs and know that they are pure. Remember this when your next prescription is ready to be filled.

THE NORTHWESTERN MUTUAL LIFE INSURANCE COMPANY

Not only sells the BEST and BROADEST contract, but returns LARGER dividends and therefore insures at a LOW net cost. The new 1908 policy of THE NORTHWESTERN is a marvel of completeness. It covers as many of life's contingencies, probable or possible, as can be met by money. It is like a will, except that it provides the estate that it distributes. It contains large Loan and Cash values. It provides Automatic Paid-up or Extended Insurance, and for Reinstatement at any time within FIVE YEARS after lapse. NO OTHER company offers as many or as varied OPTIONS of Settlement, under ANY or ALL of its policies combined, as THE NORTHWESTERN offers under its ONE policy. For further information apply to

Most physics cause chronic constipation—or worse

Chronic constipation, piles, appendicitis and other such intestinal afflictions are more often caused by improper physics than anything else. The average physic, whether it is in the form of a water, candy, pellet, or pill, is intended to quickly and unnaturally move the bowels. Such an unnatural treatment so shocks and weakens the intestinal muscles that the continued treatment of stronger and stronger physics becomes necessary. This produces chronic constipation. Piles and appendicitis are caused by the violent manner in which these explosive drugs attack the intestines.

Dr. Caldwell's Syrup Pepsin

in the ordinary sense is not a cathartic. It is a laxative but acts differently from all other preparations. It contains great tonic properties, which strengthen instead of weaken the intestinal muscles. It is pleasant to take, does not gripe or cause pain, and never creates a necessity for the continual use of any physic. All druggists sell Dr. Caldwell's Syrup Pepsin for 50 cents and \$1.00 a bottle.

Money back if it doesn't satisfy.

PUBLIC LEDGER
MAYSVILLE, KY.

Correspondence

SPRINGDALE.

Mr. W. H. Stubblefield of Rectorville was a business visitor here Friday.

Mr. W. S. Tally our highly esteemed Postmaster is seriously ill with grip.

A goodly number of our young men have lately joined the Order of Redmen at Orangeburg.

Misses Katherine Goodwin and Edith Gardner, two of Rectorville's charming girls were pleasant callers here Sunday.

This neighborhood has many reasons for being proud of its young people. They are enthusiastic, enterprising and energetic. They now have a move on foot to build a house for public worship in town. Mr. John Otto, the town's most substantial citizen has kindly agreed to give a suitable building lot either on Main or Otto street. Subscription papers are out and so far about \$250 has been subscribed. This is real Home Mission work and should be encouraged by every one.

While crossing the church hole over the little brook at the foot of Fletcher Hill one morning recently, the front axle of the buggy in which Mr. Goodwin was bringing his daughter to school here broke. The buggy went down, clamping the occupants as in a trap. The horse became frightened and a serious accident seemed imminent. But thanks to strong lines and a masterhand, disentanglement from the wreck was soon effected. Mr. G. was unhurt, but Miss G. sustained a sprained back, yet she freed a driving storm of snow and walked more than two miles to her schoolhouse. This miserable "chuck" has been the Waterloo of many vehicles during the nearly two decades of its existence and has been the cause of countless anathemas pronounced on the heads of the powers that be. Two ladies driving over the same place a few months ago had much the same experience as Mr. G. and narrowly escaped serious injury. And yet the wretched crossing lies in a nest of tons and tons of the finest culvert building stone in Mason county.

Mrs. Ben H. Marshall, on the Hill City pike, yesterday afternoon, gave an entertainment for ladies, at which the one appearing in the most old-time, grotto costume would receive a prize. Mrs. Pyles won the prize. It was reported a most enjoyable affair.

The freezing weather is hard on tender wheat.

Young Clarence Wood was reported better yesterday evening.

Miss Anna F. Hord of Ashland was called to Wedonia this week by the serious illness of her brother, Mr. W. T. Hord.

Rev. Father Eugene DeBryn of Mayslick yesterday received a cablegram announcing the death of his father at his home in Ainsla, Belgium.

WRECK CLAIMS

Compromise of Suits Against the Fleming County Railroad Line

Flemingsburg Times Democrat.

It is understood that a basis of settlement of all the damage claims against the C. F. and S. R. R. growing out of the wreck of May 10th, 1907, has been substantially agreed upon between the parties in interest, and the matter may be finally signed up and settled today. The figures are understood to be about as follows:

Mrs. Amelia Snodgrass, Mrs. Mary Thomas and Mrs. Nannie Rankin, \$1,500 each.

Estate of Harry Thomas and T. A. Fowls, \$1,200 each.

C. B. Rankin, B. H. Snodgrass, Mrs. Sallie Graham, Baby Thomas and Baby Rankin, an aggregate sum of \$2,300, but we could not get the exact figures to each one.

Mrs. Myrtle Wheeler, \$625.

Will B. Campbell, \$175.

Estate of Miss Addie Newman, \$500.

Miss Ethel Rawlings, \$350.

Orle Manning, \$25.

Lin Donaldson, \$25.

In the matter of Matt Bramble no settlement was made, as the Company claims that he was settled with in full and that they have his receipt in full, properly signed and witnessed.

CURED TO STAY CURED.

How a Maysville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—
From urinary disorders—
From any disease of the kidneys,
Be cured to stay cured.
Doan's Kidney Pills make lasting cures.
Maysville people testify.
Here's one case of it.

A. W. McClanahan of A. W. and B. P. McClanahan, grocers, at 121 Second street, Maysville, Ky., says:

"I can endorse Doan's Kidney Pills more heartily today than I did five years ago when I told the Maysville people that this medicine cured me of severe kidney trouble and backache that had bothered me for twenty years and seemed to be growing worse and worse all the time. I repeat that I can more confidently recommend Doan's Kidney Pills, when I procured at J. J. Wood & Son's Drugstore, today than I did in my former testimonial because my cure has been permanent and I have had no kidney trouble for nearly five years. As proof that I am a firm believer in Doan's Kidney Pills I will be only too pleased to reiterate the above to any one who may inquire."

For sale by all dealers. Price 50 cents a box; Foster-McClure Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

At the meeting of the State Society of Charities and Corrections at Frankfort this week, a movement to enlist the entire state in the fight on tuberculosis was inaugurated and an effort will be made to organize every county.

Governor Willson has appointed Judge William H. Holt of Louisville, Special Judge of the Henry Circuit Court to try the case against the American Tobacco Company, alleged to be a "trust" in violation of the Kentucky statutes. The regular Judge declined to serve.

Rings Round Eyes

J-19

The ill's peculiar to women, take different forms.
Some ladies suffer, every month, from dark rings round their eyes, blotches on their skin and tired
feeling. Others suffer agonies of pain, that words can hardly express.
Whatever the symptoms, remember there is one medicine that will go beyond mere symptoms, and
act on the cause of their troubles, the weakened womanly organs.

Wine of Cardui

Mrs. M. C. Austin, of Memphis, Tenn., writes: "For five (5) years I suffered with every symptom
of female disease, but after using the well-known Cardui Home Treatment, I was entirely well."
